

## Equipment Needed for a PEPP BLS Course

### Audiovisual Equipment

- \_\_\_\_\_ Slide Projector
- \_\_\_\_\_ Slide Carousel
- \_\_\_\_\_ *or*
- \_\_\_\_\_ Computer with a CD drive and LCD
- \_\_\_\_\_ Screen for projecting slides
- \_\_\_\_\_ VCR
- \_\_\_\_\_ Monitor

### Supplies

- \_\_\_\_\_ PEPP Slide Set *or* PEPP Toolkit CD-ROM
- \_\_\_\_\_ PEPP Textbooks (one per student and Faculty)
- \_\_\_\_\_ PEPP Resource Manuals (one per Faculty)
- \_\_\_\_\_ Name tags (one for each student and Faculty)
- \_\_\_\_\_ Signs
- \_\_\_\_\_ Paper
- \_\_\_\_\_ Pens
- \_\_\_\_\_ Markers
- \_\_\_\_\_ Tape
- \_\_\_\_\_ Receipt book
- \_\_\_\_\_ Parking passes (if necessary)

### Equipment Needs for Station 1

Note that an optimal manikin to teach this station would have an open nose for placement of a NP airway and a closed chest and full body to perform BVM and observe chest rise. It may be difficult or cost prohibitive to obtain such a manikin, in which case one or two manikins that can be used to adequately demonstrate BVM ventilation will suffice.

- \_\_\_\_\_ 1 Infant manikin (for use in performing BVM ventilation)
- \_\_\_\_\_ 2 Towels (to place under shoulders to level the airway)
- \_\_\_\_\_ 1 Length-based resuscitation tape
- \_\_\_\_\_ OP and NP airways (assorted sizes)
- \_\_\_\_\_ Tongue blades
- \_\_\_\_\_ 1 Silicone spray lubricant for manikin
- \_\_\_\_\_ 2 BVM devices (1 pediatric [750 ml], 1 adult [1.2L])
- \_\_\_\_\_ 2 Neonatal, infant, toddler, child, adult size masks for BVM ventilation
- \_\_\_\_\_ 1 Stethoscope
- \_\_\_\_\_ 1 Suction device
- \_\_\_\_\_ 1 Yankauer suction tip

### Optional Equipment for Skills Station 1:

—

1

*Skills Station 2*

- \_\_\_\_\_ Junior manikin
- \_\_\_\_\_ Suction catheters (6, 8, 10 Fr)
- \_\_\_\_\_ Gloves (1 box)
- \_\_\_\_\_ 1 Goggle or protective eyewear
- \_\_\_\_\_ 1 Oxygen tank and tubing

**Equipment Needs for Skill Station 2**

- \_\_\_\_\_ 1 Junior manikin
- \_\_\_\_\_ 1 Infant manikin
- \_\_\_\_\_ Long spine board
- \_\_\_\_\_ Padding materials (blankets, towels)
- \_\_\_\_\_ Rigid cervical collars in pediatric sizes
- \_\_\_\_\_ Straps with fastening device
- \_\_\_\_\_ Wide (2- to -3-in.) cloth tape

**Optional Equipment for Skills Station 2:**

- \_\_\_\_\_ Commercial pediatric immobilization device if applicable to students in attendance
- \_\_\_\_\_ Vest-type immobilization device
- \_\_\_\_\_ Head cushions from a commercial cervical immobilization device
- \_\_\_\_\_ 1 Pair of scissors (for cutting tape)
